Vehicle Abatement

(Public Right-Of-Way)

Code Enforcement Mission:

To promote and maintain a high quality of life where people live and work.

What is the On-Street Vehicle Abatement Program?

Sacramento County has adopted an ordinance to abate (remove) vehicles which have been deemed a public nuisance. Nuisance vehicles include abandoned, wrecked, dismantled, and inoperative, vehicles.

The California Vehicle Code allows County Governments to establish procedures for the abatement and removal of vehicles, or parts thereof, from the public right-of-way. It also allows for the recovery of costs associated with vehicle abatement.

(See Sacramento County Code Section 6.56 and Section 22660 of the California Vehicle Code)

Why Does the County Remove Vehicles?

The presence, accumulation and storage of abandoned, wrecked, dismantled, or inoperative vehicles, creates conditions likely to reduce the value of real property in the area, promotes blight and deterioration, and attracts crime, creates fire hazards and harborage

for rodents and insects, and is injurious to the public peace, health, safety, and general welfare.

(See Section 6.56.010 of the Sacramento County Code)

What is an Abandoned Vehicle?

Abandoned is the status of a vehicle when the vehicle owner has ceased to assert or exercise any interest, right or title to such vehicle.

(See Section 6.56.110 of the Sacramento County Code)

What is a Dismantled Vehicle?

Dismantled shall mean the condition of a vehicle which has been taken apart, or disassembled into pieces, and/or stripped, or otherwise deprived of any of its integral parts or equipment.

(See Section 6.56.120 of the Sacramento County Code)

What is an Inoperative Vehicle?

Inoperative refers to the condition of a vehicle which is physically incapable of working, functioning, or otherwise operating.

(See Section 6.56.130 of the Sacramento County Code)

What is a Wrecked Vehicle?

A wrecked vehicle consists of disordered or broken remains, or which has been brought to a physically impaired or unsound condition, or other ruinous state by reason of collision, crash or other forceful impact.

(See Section 6.56.140 of the Sacramento County Code)

What is the 72-Hour Parking Rule?

No person shall park or store a vehicle upon any highway or alley for more than seventy-two consecutive hours, or move and re-park such vehicle on any highway within three hundred feet of the original parking site, unless such vehicle is maintained in an operable condition and was actually driven.

(See Section 10.24.070 of the Sacramento County Code)
